

GREENHECK eCAPS BRIDGE FOR REVIT

Installation/Uninstallation

1. To install the add-in:

- Download the add-in from the Greenheck website
- Run the installation file

Once the add-in has been installed, the Greenheck tab will be visible on the Revit ribbon.

2. To uninstall the add-in

• Rerun the .exe file and select uninstall

OR

- Launch the Control Panel from the Windows Start menu
- Go to Programs -> Uninstall a program
- Select 'eCAPS Bridge' from the list and click 'Uninstall'.
