

GREENHECK eCAPS BRIDGE FOR REVIT

Using the 'eCAPS Jobs' button

 The eCAPS Jobs button grants access to product selections made to saved jobs on the users eCAPS account.

- Once logged in to the add-in, click on the 'eCAPS Jobs' button on the Greenheck tab to launch the Jobs screen. The user's saved jobs will automatically appear here.
- Select a Job name to view the selections saved to it.

est Job 1 Marks			
Please note that to n	nodify any marks or job properties, you will need to make these	edits in the web based version of eCAPS.	
Insert [Download
