

## 42<sup>nd</sup> Annual Scholarship Program

Greenheck Group is pleased to support the academic efforts of students with our scholarship program. This program is open to all children of Greenheck Group employees, except the children of officers and board of directors of the firm.

We will provide up to four \$2,500 scholarships.

To be eligible for consideration of a scholarship, the candidates must:

- Be enrolled in, or plan to enroll in, an accredited college or university for the 2025-2026 academic year for an undergraduate program.
- Have a minimum cumulative GPA of 3.75
- Have an established record of leadership, demonstrated by activities both in and out of the classroom.

The candidates must also:

- Have above average potential for success in the field he/she may choose.
- Have diversified interests and a well-rounded background.

Additional criteria:

- Scholarship applicants must still meet eligibility requirements when the scholarships are awarded.
- Students are limited to a maximum of two scholarship awards during their undergraduate studies.

The scholarship selection will be conducted by an anonymous committee chosen from the community. This committee will select the recipients and two alternates. Two of the scholarships will be reserved for deserving high school seniors who will be graduating in 2025. If any of the recipients refuse the scholarship award for any reason, the award will go to the first alternate. If refused by a second recipient, the scholarship shall go to the second alternate.

In the event that the committee does not find four applicants who meet the committee's criteria, the committee may award fewer scholarships or may refuse to award any scholarships for this year. The decision of the committee will be binding and final.

### Application Instructions
