

BULLETIN

AUGUST 12, 2024 | BULLETIN 38-24

TO: All Greenheck Representatives
FROM: Michael Bulzomi
Product Manager—Commercial Dampers
SUBJECT: New in August CAPS® 4.45

We are pleased to introduce these damper product additions to better serve you and your customers.

HBT-321 Multiblade Bubble-Tight Damper

The new HBT-321 rectangular bubble-tight damper is rated to 20 in. wg (5 kPa). Each HBT-321 damper unit is factory-tested to ensure bubble-tight leakage performance per AMCA 500-D prior to shipping and also meets ASME AG-1, Class 0A requirements. Click [here](#) to learn more.
