

BULLETIN

NOVEMBER 8, 2024

TO: Greenheck Representatives
FROM: Mike Holscher
Segment Product Manager—Air Terminal Units
SUBJECT: ATU Hot Water Coils—Price Increase Notification

As a result of supplier increases, we will be implementing a list price increase on three and four-row hot water coils on all Air Terminal Unit models effective December 2, 2024. Three-row coils will have a list price increase of 25% and four-row coils will increase 35%.

We recommend that you begin applying this increase to all of your quotes for projects that will be released after the December 2nd effective date. All previously discounted projects will be honored through the expiration date of the Discount Authorization.

We appreciate your understanding of these price adjustments and thank you for your partnership.
