

BULLETIN

AUGUST 5, 2024

TO: Greenheck Representatives
FROM: Ed Merewether
Segment Product Manager—Grilles, Registers, Diffusers
SUBJECT: Formations Model Family (XG-AFL) Lead Time Extension

Due to material shortages and extended vendor supply times, we are extending the lead time on the XG-AFL series of linear diffusers.

Effective immediately the lead time for all products in the Formations family will be 12 weeks from the date of order release. In addition, we are suspending all Quick Builds on the Formations Series.

The following models are affected:

- XG-AFL
- XG-AFLC
- XG-AFLMC
- XG-AFLTS
- XG-AFL-TZ

Our goal is to limit these lead time extensions to a short time period. We will continue to monitor these material issues closely and keep you updated.
