 - A discount request **must** be sent via CAPS® for **every job**, including Quick Builds, for all Greenheck products on the Sourcewell job **before** quoting the Sourcewell member
 - CAPS® 4.47 will be updated to include fields under the compliance tab to report the Sourcewell member number and requested rep sell price at the time of the discount request
 - Proceed through the discount request process as usual utilizing "Rep Buy Price" method

Ordering:

- Greenheck reps will receive the **itemized** purchase order from the Sourcewell member separately listing:
 - On contract items (Greenheck products only with your sell price)
 - Non-contract items (Other ancillary HVAC items that are not Greenheck products)
- Any services offered are not on Greenheck's contract and will need to be on a separate customer PO
- In CAPS® 4.47, the salesperson will need to fill out information for Sourcewell under the "Compliance" tab
